

MACATAWA UNMANNED

WE ARE YOUR PROFESSIONAL UNMANNED SYSTEMS SOLUTION

ABOUT US

Macatawa began with the clients in mind. Macatawa Unmanned is a veteran owned company working within the unmanned space since early 2016. We focus on helping businesses and government agencies develop unmanned capabilities at expert levels. We are subject matter experts that operate as consultants and not salesmen. We ensure you get the products and services you need by understanding your constraints & limitations.

Our team of experts includes Unmanned Aircraft Systems (UAS) mechanics, system operators, trainers, and integrators. With nine years developing unmanned training for the U.S. Army, three years of experience with large municipality's development of sUAS programs, and over nine years training unmanned systems our team is best in the industry.
